Town Hall Closed

January 16th

Bills are due before 5:00pm

Work Session at 7:00pm

A Message from

Mayor Larry Smith

Hello, Marshville residents, and welcome to 2024! We are sending all our warmest wishes for a new year full of anticipation and excitement. The Town Council has many topics (some old and some new) to discuss as we continue transacting the business of the Town. We encourage all to stay informed via our monthly meetings, newsletter, website, Facebook page, or even the electronic town sign along Highway 74.

In a landmark decision, the Town proudly announces the newly signed water purchase and sewer treatment agreements with Anson County. This will provide up to 2 million gallons of water and up to 1 million gallons of sewer treatment daily. This is a big step in helping secure Marshville’s long-term growth. While there is still some hard work on these issues, Marshville is ready to embrace our future.

SUMMARY ACTION REPORT

By: Ashlie Vincent, Clerk

In the December 4th Regular Meeting

Town Board Liaisons appointed as follows:

- Monaca Marshall: Parks and Rec Committee
- Paulette Blakeney: Centralina Regional
- Ernestine Staton: Charlotte Reginal Transportation Planning Organization (CRPTO)
- Stephen Passarelli: Marshville ABC Board

Planning Board/Board of Adjustment Appointing:

- LaDell Gardner was appointed for a 3-year term.

Planning Board/Board of Adjustment Opening

- There is currently one opening for the Planning Board/Board of Adjustments. You can find the application on our website www.marshville.org.

2024

WE WISH YOU A HAPPY NEW YEAR

A Nugget from Marshville's History

During the summer of 1876, the Central Railroad Co. of Wilmington laid tracks from the Port City through the N.C. Piedmont's pastureland to Charlotte. A depot was erected and it was called Beaver Dam, taking its name from Beaver Dam Creek which was located 2 miles south of the depot. The name "Beaver Dam" had a legitimate and creditable historical origin...but it took a negative turn.

More in next month's issue.

The "EyeOnWater" App Is Here

Kids leave the water running again? Bill is showing higher than normal usage? Think you may have a leak or running toilet? Just want to see how much water you are using?

Now you can see just how you use your water and get alerts if you have a potential leak or higher than normal usage. We now have the "EyeOnWater" App available to all residents of the Town of Marshville with electronic meters. You can get started by downloading the app on your smart device by scanning the QR code below of downloading directly from Google Play or the App Store.

If you need help setting up your account please email:
customerservice@marshville.org
